

StreamFest

FREE! Sunday, August 16 from 1-4 pm
Log Boom Park, 17415 61st Ave NE
Kenmore, WA 98028

**JOIN US IN CELEBRATING THE
RIVERS + STREAMS FEEDING NORTH LAKE WASHINGTON**

Fish Printing

Identify the external parts of a fish and create a Gyotaku print.

Stream Bug Identification

Learn about the macroinvertebrates (stream bugs) to see what is living in local creeks.

Community Science

Collect sediment samples and temperature data in Lake Washington.

Fly Fishing Demo

Participate in a fly fishing demo with our friends at Avid Angler.

Field Chemistry

Hands-on experiments to learn about the physical, chemical, and bio-indicators of watershed health.

Salmon Friendly Landscapes

Learn how to design a raingarden and salmon friendly landscape.

Stormwater Mapping

See where and learn why volunteers track water quality at stormwater outfalls.

Music, Crafts, and More!

Enjoy music from the Old Glory String Band + other fun activities for the whole family!
