Sunday, October 3rd, 9:30 AM - 1:30 PM

Pick-up Your - Free Grab and Go - Stormwater, Salmon-Safe Kits while supplies last!

Environmental Stewardship is Easy! It starts with each of us. Remember, the storm drain is not a garbage can. Everything that goes down the drain goes into our streams and out to Lake Washington. You can help protect salmon today, by keeping your stormwater drain free and clear of trash and debris, then **marking your Stormwater Drain, Salmon-Safe with your Grab and Go Kit!**

Co-Sponsored By:

PERK Mission: To foster understanding and appreciation for

our natural environment and to promote environmentally responsible practices with development and infrastructure within Kenmore and its surrounding areas. Established in April 2002 by a group of neighbors dedicated to preserving the natural environment and quality of life in Kenmore, Washington. Through education, litigation, and influencing the political process, we strive to conserve existing natural areas, restore degraded natural systems, and promote low-impact development. **Questions?
